

# Bunting Flagging

## Durable & High-Visibility PVC for Worksite Safety

Danterr's Bunting Flagging is a cost-effective solution for marking hazards, restricting access, and guiding pedestrian or vehicle movement. Made from durable, weather-resistant PVC, it withstands harsh conditions while maintaining its bright color for maximum visibility.

## Key Features & Benefits

- ▶ **High Visibility & Color-Coded Zoning:** Available in orange, green, blue, and yellow for clear hazard marking and restricted areas.
- ▶ **Durable & Weather-Resistant PVC:** Designed for long-lasting outdoor use in construction sites, and roadworks.
- ▶ **Lightweight & Flexible:** Easy to install, transport, and reposition as needed.
- ▶ **Multiple Size Options:** Orange available in 30m & 100m rolls; other colors in 30m rolls.
- ▶ **Works with Bollards & Posts:** Designed for secure attachment to T-Top Bollards and Star Pickets.
- ▶ **Cost-Effective & Reusable:** A versatile safety solution that provides reliable worksite protection.
