

Traffic Cones

Durable & High-Visibility Safety Cones

Danterr's Safety Cones provide a durable, high-visibility solution for marking hazards and ensuring worksite safety. Made from UV-stabilised PVC, they withstand harsh weather and feature a bright colour with a high-intensity reflective band for maximum visibility in low light.

Key Features & Benefits

- ▶ **High Visibility:** Bright orange colour with a reflective band for maximum day and night visibility.
- ▶ **Durable Construction:** Made from UV-resistant PVC to withstand harsh outdoor conditions.
- ▶ **Stable Black Base:** Heavy-duty rubber base enhances stability and wind resistance.
- ▶ **Stackable Design:** Space-saving, lightweight and easy to transport.
- ▶ **Impact Resistant:** Flexible material absorbs impact, preventing breakage.
- ▶ **AU/NZ Standards Compliant:** Meets traffic management and construction safety regulations.

SPECIFICATIONS:

Product Code	Description
104287	Traffic Cone Reflective 450mm
104288	Traffic Cone Reflective 700mm
104286	Traffic Cone Reflective 900mm
