

Water Based Acrylic Curing Compound

Durable Acrylic Curing & Sealing Solution for Fresh Concrete

Evencure AC is a water based acrylic curing compound designed for freshly poured concrete. With low VOC content and a high-performance acrylic resin base, it seals and cures concrete in one simple application. Its clear finish and AS3799 compliance make it ideal for exposed surfaces requiring both curing performance and aesthetic clarity.

SPECIFICATIONS:

Product Code	Description	Pack Qty
105334	Evencure AC Water Based Acrylic Curing Compound 20L	1
101678	Evencure AC Water Based Acrylic Curing Compound 200L	1
105335	Evencure AC Water Based Acrylic Curing Compound 1000L	1

Key Features & Benefits
