

Hessian Rolls

Eco-Friendly Concrete Curing Rolls for Moisture Retention

Danterr's Hessian Rolls provide a sustainable and effective solution for concrete curing. Made from natural jute fabric, they retain moisture to reduce cracking and support long-term durability. Available in 14 oz. and 18 oz. weights, they're biodegradable, flexible, and easy to use on-site.

SPECIFICATIONS:

Product Code	Description
122160	Hessian 14oz 1800mm x 50m Roll
129405	Hessian 18oz 1800mm x 50m Roll

Bulk bales (1,050m) available upon request.
