

Pile Cage Foot

Engineered Support for Pile Cages—Built for Strength, Made to Last

The Pile Cage Foot is a precision-engineered plastic or CFRP spacer designed to provide reliable, stable support for steel pile cages. Ensuring correct concrete cover at the base of cages, this product minimises the risk of reinforcement rust and long-term concrete degradation. Manufactured to ISO 9001 standards in Australia, the cage foot delivers superior performance in demanding construction conditions.

SPECIFICATIONS:
