

Tall Slab On Ground (SOG) Bar Chairs

Dependable Support with Precision— Bottom Deck Chairs You Can Trust

Danterr's Tall SOG Bar Chairs are high-strength plastic spacers engineered for deep slab applications. They replace traditional metal chairs by offering a clip-on solution that ensures reinforcement remains in place and void-free. With their integrated base and rust-proof design, they meet the demands of high-traffic and moisture-sensitive environments.

Key Features & Benefits

- ▶ **Lightweight:** Easy to transport and handle on site
- ▶ **Cost-Effective Alternative:** Replaces heavy, expensive metal bar chairs
- ▶ **Clip-On Design:** Locks bar/mesh in place for consistent cover
- ▶ **Integrated Base:** Eliminates voids and reduces setup time
- ▶ **Rust-Proof:** Ideal for corrosive or moisture-prone environments
- ▶ **Load Tested:** Exceeds 500kg in structural testing
- ▶ **Versatile Applications:** Perfect for roads, slabs, and soft base pours
- ▶ **Multiple Sizes:** Covers from 100mm to 150mm
