

# Top Deck Chairs

## Superior Support for Tall Spacing and Heavy Load Applications

Top Deck Chairs are durable plastic spacers designed to support top reinforcing bars and mesh in suspended concrete structures. Their square base provides enhanced stability on ribbed formwork systems, reducing movement during concrete placement. These chairs are ideal for high-load applications requiring consistent cover and strength.

## Key Features & Benefits

- ▶ Available in a range of cover heights: 100mm to 340mm
- ▶ Engineered square base ensures rigid stability
- ▶ Plastic composition is rust-proof and heat-resistant
- ▶ Minimal footprint on concrete surface
- ▶ Crossbar allows rebar tying with wire
- ▶ Fully compliant with AS/NZS 2425:2015
- ▶ Handles all rebar, especially  $\geq 16$ mm bars
- ▶ Designed for heavy-duty vertical applications

## SPECIFICATIONS:

Product Code	Description	Bag Qty
109295	Bar Chairs 100/110 Top Deck 50Pk	50
109296	Bar Chairs 120/130 Top Deck 68Pk	68
109297	Bar Chairs 140/150 Top Deck 52Pk	52
109828	Bar Chair 160/170 Top Deck 36Pk	36
109298	Bar Chairs 180/190 Top Deck 36Pk	36
109299	Bar Chairs 200/210 Top Deck 36Pk	36
108362	Bar Chairs 220/230 Top Deck 36Pk	36
109383	Bar Chairs 240/250 Top Deck 36Pk	36
111197	Bar Chair 270/280 Top Deck 27Pk	27
111196	Bar Chair 290/300 Top Deck 27Pk	27
113676	Bar Chairs 310/320 Top Deck 25Pk	25
111117	Bar Chair 330/340 Top Deck 25Pk	25
