

Nitoseal SC140

High-Performance Neutral Cure Silicone Sealant for Construction Applications

Nitoseal SC140 is a neutral cure silicone sealant designed for demanding construction applications. Its unique formulation ensures rapid curing, permanent flexibility, and outstanding resistance to weathering and abrasion. Unlike conventional silicone sealants, it will not stain porous construction materials, making it a trusted solution for both civil and architectural applications.

Key Features & Benefits

- ▶ **Very Fast Curing** – Reduces downtime, ideal for projects requiring a quick return to service.
- ▶ **Dual Functionality** – Can be used as a sealant or adhesive.
- ▶ **Pick Resistant** – Suitable for high-security facilities such as prisons, gaols, and stadiums.
- ▶ **Abrasion & Toughness** – Withstands heavy use and harsh conditions.
- ▶ **Weather Resistant** – Maintains seal integrity under diverse climatic conditions.
- ▶ **Excellent Adhesion** – Bonds strongly to most construction materials.
- ▶ **Non-Staining** – Safe for porous materials like concrete, granite, and marble.
- ▶ **Wide Joint Capability** – Ideal for large floor joints and cover plates.
