

PROMASEAL®-A Acrylic Sealant

Reusable, Long-Range Concrete Monitoring for Large and Complex Projects

Short Product Description PROMASEAL®-A acrylic sealant is a fire rated acrylic sealant designed to provide effective passive fire protection in walls and floors. As a single-component, acrylic-based fire stopping solution, it is easy to apply, can be painted over with common emulsion paints, and ensures long-lasting sealing performance in non-movement joints and annular clearance seals.

Manufactured by Etex Building Performance GmbH (Promat), PROMASEAL®-A is rigorously tested to European fire protection standards and delivers trusted performance in high-demand construction environments.

SPECIFICATIONS:

Product Code	Description
113619	Promaseal Acrylic Sealant Fire Rated Grey 600ml
119362	Promaseal Acrylic Sealant Fire Rated White 600ml

Key Features & Benefits

- ▶ **Certified Fire Protection** – Tested in accordance with EN 1366-4, EN 13501-2, and ETAG 026-2.
- ▶ **Easy to Apply** – Single-component, acrylic-based formula for quick and secure sealing.
- ▶ **Flexible Monitoring** – Connect single or multi-probe thermal tails for multiple measurement points.
- ▶ **Paintable Finish** – Accepts standard emulsion paints for seamless integration into structures.
- ▶ **Durable Performance** – Maintains fire resistance and sealing integrity over the service life.
- ▶ **Sustainable Choice** – Low environmental footprint with 0.78 kgCO₂e/kg in A1-A3 stages; manufactured with 100% renewable electricity.
